

Midland High School Presents...

The 69th Annual

2025

Your Emcees for tonight's program are: Abby Peters, Abigail Price, McKinley Danner, Grace Armstrong and Colter Mahabir.

Our first Emcee can be found competing in coding competitions, winning the NCWIT Aspirations in Computing Award, singing with the Meistersingers, or being onstage in one of the MHS drama productions. If she isn't enthusiastically telling you about her pet rats, crying over nothing, or thinking about what she's going to eat when she gets home, she's probably napping on her couch, avoiding her calculus homework. **Meet our first Emcee, Abby Peters!**

This Emcee potentially has the loudest personality ever. Not only is she on the board of Meistersingers and participates in a number of MHS activities, she also holds the title of vice president, all while being the world's best Olive Garden server. She was on the girls' golf team for three years, just to avoid having to take a high school gym class, but she never moved up to varsity... She spends her free time with her friends, often at target purchasing overpriced chocolate-covered frozen fruit that her mother refuses to pay for, or she's sitting in the Taco Bell parking lot. If you see a car driving down the street with no front bumper, you know that's her! **Introducing Abigail Price!**

This next EMCEE can be found doing several activities, which include the following: winning a state championship for the varsity pom team, singing in the Meistersingers, where she holds the title of vice president, and being dramatic... sorry, being involved in the MHS drama club, where she is the secretary. When she is not participating in any of these events, you can find her sipping on a caffeinated drink or helping the economy by spending money on things she doesn't need. **She is McKinley Danner**, and yes she is single!

This Emcee is a bright and fun individual, who knew that she wanted to be an emcee ever since she was a freshmen and saw the senior emcees perform. Known for her vibrant presence on stage, she can be found acting and singing, bringing characters to life on stage. She can also be found telling people what she dreamt about the night before and proving to people that the red and green colored goldfish taste different from regular goldfish. She is a dedicated member on the Teenage Musicals Inc. drama board and when she grows up, she wants to be just like Jennifer Lawrence. **Introducing Grace Armstrong!**

Our Next Emcee is one who has had next to no prior experience in theatre, yet he is ready to make his debut as a thespian! He may be seen both on the football field and at robotics competitions doing what he loves! Throughout MHS, he is most likely known for probably talking a bit too much in class and just being loud! Along with this, he is one of the proud members of the MHS Bass Fishing Team (Yeah, that's a real thing) and loves the outdoors. **Introducing Colter Mahabir!**

Thank you to our Midland community.

We appreciate your support for these young performers and their music programs.

We hope you enjoy the show.

Please be considerate of the performers and audience.

No flash photography. Recording of Rhapsody Rendezvous is for personal use only and not for sale.

How can you support our music programs?

For up-to-date information on our music programs, including ongoing fundraisers, which directly benefit the Midland High School Band, Orchestra, and Choir programs, go to:

www.mhsmusicparents.com

Your support is greatly appreciated!
